Curriculum Vitae

About me

Name	Fitsum Mehari
Address	Lemi Kura, Addis Ababa, Ethiopia
Phone	+251920550658
Email	m.fitsummehari@gmail.com
Github	https://github.com/FitsumMehari/
LinkedIn	https://www.linkedin.com/in/fitsum-mehari-3263051b6/
Portfolio	https://fitsum-portfolio.onrender.com/
Bio	I am a results-driven full-stack engineer with expertise in the **NestJS, Angular, Docker, and MariaDB** stack. My passion for web development began as a hobby and grew into a professional career after earning a degree in Electrical and Computer Engineering. My primary strength is my ability to quickly learn and apply new concepts, allowing me to build scalable and efficient applications from the ground up. I am highly disciplined and self-motivated, with a work style centered on proactive communication and autonomous problem-solving.

Experience

Sep. 2025 – Present

Junior Full Stack Developer at Teleport Technologies

- Contribute to the development and maintenance of web applications using **Angular** for the front end and **NestJS** for the back end.
- Work collaboratively with a team to implement new features and debug existing code.
- Utilize **Docker** to ensure consistent development environments and streamline the deployment process.

Oct. 2024 – Feb. 2025

Full Stack Developer Intern at Ashewa Technologies, Addis Ababa

- Planned and executed the development of a comprehensive website for Mekelle University using the **MEAN stack (MongoDB, Express.js, Angular, Node.js)**.
- Designed and implemented key features for both the front-end and back-end, ensuring project milestones were met on schedule.
- Collaborated with a small team to build a user-friendly and responsive web application.

Education

Mekelle University	Bachelor's Degree in Electrical and Computer Engineering with a GPA of 3.8
Coursera	Certificate on Python Programming
Zuri	Certificate on fullstack web development

Skills

Frontend	Angular, HTML, CSS, JavaScript, TypeScript
Backend	NestJS, Node.js, Express.js
Databases	MariaDB, MongoDB
